85-385 Gateway Project schedules traffic shift for this weekend

GREENVILLE, S.C. – Upstate drivers should expect lane closures on Woodruff Road this weekend as part of the 85-385 Gateway Project.

Crews will be working through the weekend on the \$231 million interchange project with the purpose of the completing portions of the final project's road way. This means there will be road closures at times on Woodruff Road heading east at the off ramp of I-385 northbound.

The work will start late Friday night and go through Monday morning and the project management team is working to minimize lane closures, but caution drivers there to expect delays.

About the 85-385 Gateway Project:

The 85-385 Gateway Interchange Improvement Project will provide an economic boost to the Upstate, improve safety for the traveling public, and increase the capacity of this Interchange to function more efficiently for many years to come. It is the second largest transportation project in South Carolina History. Learn more at www.85385gateway.com.
