85-385 Gateway Project schedules traffic shift for this weekend

GREENVILLE, S.C. – Drivers should expect two detours tonight near the I-85-385 interchange tonight that are part of the greater 85-385 Gateway Project.

Crews are planning to implement the first detour along I-85 south bound collector/distributor lanes at exit 51. It will send traffic onto I-385 north to take the Roper Mountain Road exit, cross back over I-385 and turn left onto I-385 south. This will put them in a position to go to either 85 south towards Atlanta, get to Woodruff Road or take 385 south.

The second detour will be on I-385 north at exit 36-B. It will take the same detour to Roper Mountain Road. Drivers should expect normal traffic patterns to return Thursday.

About the 85-385 Gateway Project:

The 85-385 Gateway Interchange Improvement Project will provide an economic boost to the Upstate, improve safety for the traveling public, and increase the capacity of this Interchange to function more efficiently for many years to come. At \$231 million, it is the second largest transportation project in South Carolina History. Learn more at www.85385gateway.com.
